Additionally, Christie True is (b) (6), so she would be able to attend.

Agreed. Waiting should not impact our ability to conduct an action and it may give folks more time to develop their options.

Thanks again.

We can see how the schedules are meshing – it would obviously be great if Jeff could be present.

Thanks,

Scott

Subject: Meeting to discuss options regarding the Pillon site

Hello all:

I think that we have reached the stage where a meeting among the decision makers and subject matter experts would facilitate our joint efforts to clean up the Pillon site. I am certain that I have inadvertently left some folks off this e-mail chain, so please forward this along to those you believe could help out at such a meeting. My hope is that parties come to the table with ideas and options on what their agency can bring to bear to address our mutual goal of seeing this site cleaned up.

Coordination of this many folks with schedules as busy as I am certain all of yours are will be difficult, but if you could send along some "best, possible and no-way" dates for the next two to three weeks I will take on the task of finding the one that works the best. I am also happy to host the meeting here at the AGO's Office in Seattle – I might even spring for doughnuts.

Thank you all for your ongoing assistance in this effort!

Let me know if you have any questions.
